Wonderful Root System

Weller's Herbaceous Perennials

For Spring and Fall Delivery

Why You will Find Weller's Perennials the Best

Because we make a specialty of growing them to perfection, and make it our point to give you SERVICE, QUALITY AND VALUE. Our plants make REAL ROOTS, and what is more important to a Perennial than a GOOD ROOT SYSTEM?

GENERAL LIST

All plants offered in this list are strong, field grown, two-year-old, transplanted, unless otherwise specified, and biennials. Our Plants bloom the first season. Terms: 30 days; 2% in 10 days; 5% for cash with order. Packing extra at cost. Please state whether we may substitute in case we are short.

Those marked (*) are especially suited for cutting; those marked with (†) are best suited for rockeries. Those marked (●) are novelties.

In description the flowering period is indicated by the name of the months as May-June, etc.

●POLYCHROMA. This beautiful, rare plant is fast coming to the front, wherever it can be admired. Its unusual combination of flowers and foliage and afterwards its beautifully colored seed does not escape anyone's temptation. It makes a beautiful, formal plant growing about 1 foot high, forming a hemispherical clump covered with lemon-yellow, rose-shaped flowers in May and June. When the flowering period is over, little clusters of pea-shaped seed, coloring to a bright red, are formed at the top of each stem, making a beautiful contrast with the light green-colored foliage. A wonderful border and rockplant and a true Perennial.	1.75	15.00

BOXWOOD (Weller's Hardy Northern Type)

During the last twenty years we have developed a Boxwood, originally out of *Sempervirens* type, which has proved hardy, not only in this part of the country, but also in sections where otherwise no other Boxwood would ever survive. Six years ago when the thermometer went down to 28 below, our Boxwood showed up fresher than ever in the spring, while in all other sections of the country they were winter-killed. We cleaned up on Boxwood that spring on all salable stock but we are now coming back with a fair supply of Globe-shaped and bushes for window boxes and hedging. So far we have done nothing to advertise our plants, for the news has traveled so fast that we are still short on our orders every year. But we think that we must make it known to our customers now so that we may obtain a wider distribution for a larger future production.

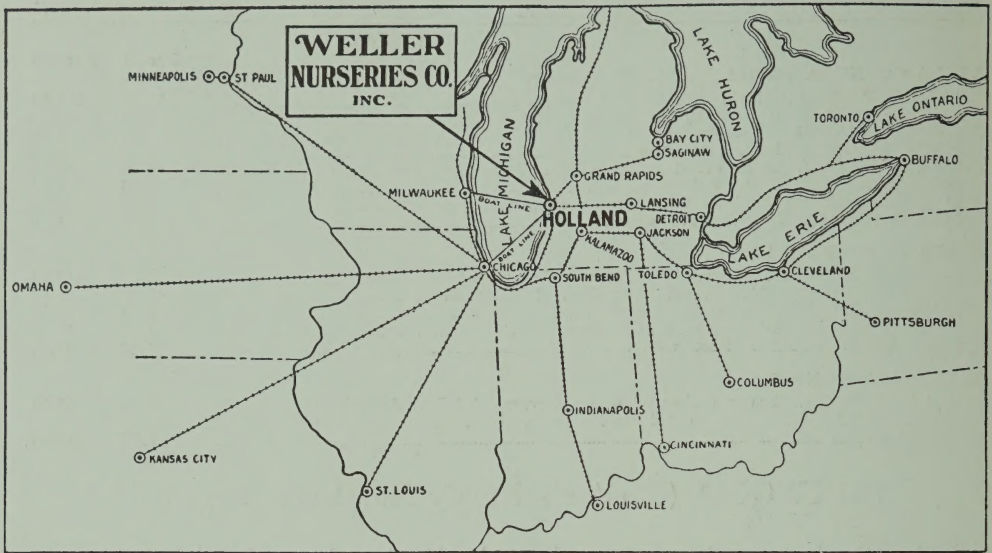

BOXWOOD (Weller's Hardy Northern Type). Trimmed Globes. For tubs or ornamental planting.

15 inches. B.&B.	SOLD OUT FOR SPRING 1942
18 inches. B.&B.	SOLD OUT FOR SPRING 1942
